REMARKS

This paper is responsive to the Ex parte Quayle action mailed on July 24, 2006.
Claims 1-7 and 10-48 were examined. Claims 1-7- and 10-48 are allowed.

Drawings

The drawings are objected to under 37 C.F.R. § 1.83(a). While applicants note that Figs. 3 and 4 already indicate non-volatile memory 60 (see, e.g., paragraph 1054), Figs. 3 and 4 have been amended to include the legend NVM to make the figures more readable. No new matter has been added.

Claim 35 has been amended to ensure appropriate antecedent basis exists. Minor typographical errors have been corrected in claims 1, 12, 26, and 47.

Accordingly, applicants submit the application is in condition for allowance and a notice to that effect is respectfully requested. Nonetheless, should any issues remain that might be subject to resolution through a telephonic interview, the examiner is requested to telephone the undersigned.
